In case of eye contact: May cause irritation, tearing and blurred vision; flush with water for 15 minutes, consult a physician.

If swallowed: May cause irritation to mucous membranes, oesophagus and deep tissue; drink plenty of water and consult a physician.

4.2 Most important symptoms and effects, both acute and delayed No further information available.

4.3 Indication of immediate medical attention and special treatment needed Treat S

Treat Symptomatically

5. Fire fighting measures	
5.1 Extinguishing media: Suitable media :	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
5.2 Special hazards arising Specific Hazards :	from the substance or mixture None. Product is not flammable and not explosive. Product and containers may undergo thermal decomposition and emit noxious gases.
5.3 Advice for fire-fighters PPE for fire-fighters:	In the event of fire, wear self-contained breathing apparatus. Wear appropriate body protection (full protective suit).
Further Information:	No further information available

6. Accidental release Measures

6.1 Personal precautions, protective equipment and emergency procedures Personal Precautions: Use personal protective equipment. Provide adequate ventilation.

6.2 Environmental precautions

Environmental precautions: Do not allow to enter sewers surface or ground water.

6.3 Methods and materials for containment and cleaning up

Cleaning up.	Pick up manually. Spillages may make surfaces very slippery. Flush with large amounts of water.
Further information	Treat recovered material as described in the section "Disposal considerations"

6.4 Reference to other sections For personal protection see section 8

7. Handling and storage

7.1 Precautions for safe handling

Advice on safe handling: No special requirements, general ventilation is sufficient

Hygiene measures:	Ceep away from food, drink and animal feeding stuffs. Smoking, eatir	Smoking, eating and drinking
nygiene measures.	should be prohibited in the application area.	

7.2 Conditions for safe storage, including any incompatibilities. Storage areas : Storage and incompatibilities. Store in original container Fire and explosion: No special measures required

- Storage conditions: Keep this product in original, closed container when not in use. Store in a cool, dry, well-ventilated area.
- Common storage: Keep away from food, drink and animal feeding stuffs.
- 7.3 Specific end uses No information is available.

oosure control/personal pro	tection
8.1 Control parameters	Contains no substances with occupational exposure limit values
8.2 Exposure controls Engineering measures	Refer to protective measures listed in sections 7 and 8.
General Information:	Use in a well ventilated area
Personal protective equ	uipment
Respiratory protection	Not required
Hand protection	Wear protective gloves. The selected protective gloves have to satisfy the specifications EU Directive 89/686/EEC and standard EN 374.
Eye protection	Wear safety glasses approved to standard EN 166.
Skin and body protection	Wear appropriate clothing to prevent repeated or prolonged skin contact
Environmental exposu	re controls
General advice:	Dispose of in accordance with all applicable local and national regulations,

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Form:	Gel Block
Colour:	Blue or Pink
Odour:	None
pH @ 20°C:	Not known
Boiling point/boiling range:	>100°C
Vapour pressure:	Not known
Relative vapour density:	3.4
Density @ 20°C:	1 - 1.05
Water solubility:	completely miscible.
Explosive properties:	Product is not explosive.
9.2 Other Information	No further information available

10. Stability and reactivity

10.1	Reactivity Reactivity	No information available.
10.2	Chemical stability Chemical stability	No decomposition if stored and applied as directed.
10.3	Possibility of hazardous	s reactions
	Hazardous reactions:	Thermal decomposition during a fire may release carbon monoxide, carbon dioxide, nitrogen dioxide, hydrogen chloride and other noxious gases.
10.4	Conditions to avoid Conditions to avoid	Heating above 48.9°C
10.5	Incompatible materials Incompatible materials	Alkalis or oxidisation/reduction agents
10.6	Hazardous decompositi Haz. Decomp. products	on products Stable under recommended storage conditions.

11. Toxilogical Information

11.1 Information on toxilogical effects

Poly (diallydime	ethylammor	nium chlorid	de)	
Route	Species	Test	Value	Units
Oral	Rat	LD50	>5000	mg/kg

Primary Irritant effect:

On the skin: No irritant effect On the eyes: May cause irritation, tearing and blurred vision to the eyes

Sensitization: No information available Carcinogenic No information available Mutagenic No information available

Further information No further information available

12.1 Toxicity	
Toxicity	Minimum hazard if well diluted with water
12.2 Persistence and de	gradability
Persistence and degrada	
12.3 Bioaccumlative pot	ential
	ntial No data available
12.4 Mobility in soil	
Mobility in soil	No data available
12.5 PBT and PvB asses	sment
PBT and PvB	No data available
12.6 Other adverse effect	ts
Other adverse effect	

13. Disposal Considerations

13.1 Waste treatment methods

-Disposal should be in accordance with local, state or national legislation

- -Do not reuse empty containers without commercial cleaning or reconditioning
- -Do not discharge into drains or the environment ,dispose to an authorised waste collection point

Classification

Waste Codes in accordance with the European Waste catalogue (EWC) are origin-defined. Since this product is used in several industries, no Waste Code can be provided by the supplier. The Waste Code should be determined in arrangement with your waste disposal partner or the responsible authority

Trade Name:

14. Transport Information

14.1 UN NumberNot applicable14.2 UN proper shipping nameNot applicable14.3 Transport hazard class(es)Not applicable14.4 Packaging GroupNot applicable14.5 Environmental hazardsClean up even minor leaks or spills if possible without unnecessary risk14.6 Special precautions for userNot applicable14.7 Transport in bulk according to Arrest II of MARPOL 73/78 and the IBC CodeNot applicable

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for this substance or mixture. This Safety Data Sheet is provided in compliance with REACH Regulation (EC) No 1907/2006

15.2 Chemical Safety Assessment

No information available

16. Other information

Restricted to professional users. Attention - Avoid exposure- obtain special instructions before use

This information is believed to be accurate and represents the best information currently available to us. However, we make no warranty or merchantability, or fitness for any particular use, or any other warranty, express or implied, with respect to this information, and we assume no liability resulting from use of this information Users should make their own investigations to determine the suitability of the information for their particular needs and uses.

Abbreviations and acronyms:

GHS: Globally Harmonized System of Classification and Labelling of Chemicals

EINECS European Inventory of Existing Commercial Chemical Substances.

- CAS: Chemicals Abstracts Service (division of the American Chemical Society)
- LC50: Lethal concentration, 50 percent
- LD50: Lethal dose, 50 percent
