Legal Disclaimer

The information and recommendations in this publication are, to the best of our knowledge, information and belief, accurate at the date of publication. Nothing herein is to be construed as a warranty, express or implied. In all cases it is the responsibility of the users to determine the applicability of such information or the suitability of any products for their own particular purpose.

1. Section 1: Identification of the substance/mixture and the company/undertaking.

1.1	Product identifier.	
	Product name:	Essentials Spa Filter Cleaning Powder 500g
	Product code:	20 86 581 005
1.2	Relevant identified uses of the substance or mixture and uses advised against.	
	Uses:	Instant filter cleaner and disinfection of swimming pool water
	Restrictions:	At this time we do not have information on use restrictions.
1.3	Details of the supplier of the safety data sheet.	
	Name of supplier:	Golden Coast Ltd
	Address of supplier:	Fishleigh Road, Roundswell Commercial Park West, Barnstaple,
		Devon. EX31 3UA
	Phone number:	01271 378 100
	Responsible person:	Jamie Adams
	Email:	swimmer@goldenc.com
	Web address:	www.goldenc.com
1.4	Emergency phone number:	01271 378 100 (office hours)

2. Section 2: Hazards identification.

2.1 Classification of the substance or mixture.

Classification according to Regulation (EC) No 1272/2008			
Hazard Class	Hazard Category	Target Organs	Hazard Statements
Skin Corrosion	Category 1B		H314
Aquatic Toxicity	Category 1		H411
For the full text of H statements mentioned in this section see Section 16			

Most important adverse effects

Human Health:See section 11 for toxicological information.Physical and Chemical hazards:See section 9 for physiochemical information.Potential environmental effects:See section 12 for environmental information.

2.2 Label elements.

Labelling according to Regulation (EC) No 1272/2008

Hazard Symbols:

Signal word:

Danger

Hazard statements:

H314: Causes severe skin burns and eye damage H411: Very toxic to aquatic life with long lasting effects.

Page 2 of 8 Creation Date: 22 March 2013

Legal Disclaimer

The information and recommendations in this publication are, to the best of our knowledge, information and belief, accurate at the date of publication. Nothing herein is to be construed as a warranty, express or implied. In all cases it is the responsibility of the users to determine the applicability of such information or the suitability of any products for their own particular purpose.

	Prevention:	P260: Do not breathe vapours
		P273: Avoid release to the environment
		P280: Wear protective gloves/protective clothing/eye protection/face protection
	Hazardous components whic	h must be listed on the label
		Sodium Hydroxide and Sodium Metasilicate
2.3	Other hazards.	
		No other information is available

3. Section 3: Composition/information on ingredients.

Chemical nature: Granules

Chemical Name		Identification N	lumbers	Amount %
Mixture of the chemicals listed below v	vith non-hazar	dous additives		
	CAS No:	EC No:	Index No:	
Sodium Hydroxide	1310-73-2	215-185-5	011-002-00-6	10-25%
Sodium meta-Silicate, Petahydrate	10213-79-3	229-912-9	014-010-00-8	10-25%
Sodium Carbonate	497-19-8	207-838-8	011-005-00-2	10-25%
Sodium dichloroisocyanurate, dihydrate	e 51580-86-0	220-767-7	613-030-01-7	2.5-10%

4. Section 4: First aid measures.

4.1 Description of first aid measures.

General advice:	Take off all contaminated clothing immediately
If Inhaled:	In case of accident by inhalation; remove casualty to fresh air and keep at rest. If breathing is irregular or stopped; administer artificial respiration. Call a physician immediately.
In case of skin contact:	Wash off immediately with plenty of soap and water. If irritation appears seek medical advice.
In case if eye contact:	Rinse immediately with plenty of water, also under eyelids for at least 15 minutes. Remove contact lenses. Consult an eye specialist immediately. Go to an ophthalmic hospital if possible.
If swallowed:	Clean mouth with water and drink plenty of water. Never give anything by mouth to an unconscious person. If swallowed; do not induce vomiting – seek medical advice. If a person vomits when lying on his back place him in the recovery position.

In all cases it is the responsibility of the users to determine the applicability of such information or the suitability of any products for their own particular purpose.

4.2	Most important symptoms and effects, both acute and delayed.	
	Symptoms:	No further information available
	Effects:	No further information available.
	.3 Indication of any immediate medical attention and special treatment neede	
4.3	Indication of any immedia	te medical attention and special treatment needed.
4.3	Indication of any immedia Treatment:	te medical attention and special treatment needed. Treat symptomatically
4.3	,	•

5. Section 5: Firefighting measures.

5.1 Extinguishing media.

Suitable extinguishing media: CO2, powder or water spray. Fighter larger fires with water spray or alcohol resistant foam. Unsuitable extinguishing media: Water with foam jet .

 5.2
 Special hazards arising from the substance or mixture.

 Specific hazards during
 firefighting:

 Nitrogen oxides (Nox); Carbon Monoxide (CO); Hydrogen chloride (HCI)

5.3 Advice for firefighters

Special protective equipment: In the event of a fire, wear self-contained breathing apparatus. Wear appropriate body
protection (full protective suit).Further information:No further information available.

6. Section 6: Accidental release measures.

6.1 Personal precautions, protective equipment and emergency procedures. Personal precautions: Avoid formation of dust Wear protective equipment. Avoid contact with skin and eyes. 6.2 **Environmental precautions.** Environmental precautions: In case of seepage into the ground inform responsible authorities. Do not allow to enter sewers/surface or ground water. 6.3 Methods and material for containment and cleaning up. Pick up mechanically. Use neutralizing agent. Dispose of contaminated material waste as waste according to item 13. **Reference to other sections.** 6.4 For safe handling see section 7 For personal protection see section 8 For disposal information see section 13.

7.2

The information and recommendations in this publication are, to the best of our knowledge, information and belief, accurate at the date of publication. Nothing herein is to be construed as a warranty, express or implied. In all cases it is the responsibility of the users to determine the applicability of such information or the suitability of any products for their own particular purpose.

7. Section 7: Handling and storage.

7.1 Precautions for safe handling.

Advice on safe handling:	Thorough dedusting, prevent formation of dust.
Hygiene measures:	Keep away from food, drink and animal feeding stuffs. Smoking, eating and drinking should
	be prohibited in the application area. Wash hands before breaks and at the end of the work
	day. Take off all contaminated clothing immediately. Provide adequate ventilation. Avoid
	contact with the skin and eyes.
Conditions for safe storage, including any incompatibilities.	

	• • •	
Requirements for storage ar	eas and containers:	No special measures required
Advice on protection against	t fire and explosion:	No special measures required.
Further information:	No further information available.	
Advice on common storage:	Store away from oxidising agents	
Storage temperature:	Cool & dry.	

7.3 Specific end use(s).

Specific use(s) No in

No information available.

8. Section 8: Exposure controls/personal protection.

8.1 Control parameters.

EU. Indicative Exposure and Directives relating to the protection of risks related to work exposure to chemical, physical and biological agents.

Component: Sodium hydro	oxide	CAS No: 1310-73-2
Regulatory Basis:	UK. EH40 Workplace Exposure Lim	its (WELS)
Regulatory List:	EH40 WEL	
Value type:	Short Term Exposure Limit (STEL)	
Value:	0.02 mg/m³	
Component: Sodium dichlo	oroisocyanurate, dihydrate	CAS No: 51580-86-0
Regulatory List:	EU ELV	

Value: Long Term Exposure (LEV) 0.02 mg/m³ 8.2 Exposure controls.

Exposure controls. Engineering measures

Refer to protective measures listed in sections 7 and 8.

Value: Short Term Exposure (STEL): 0.07 mg/m³

Respiratory protection	
Low Exposure:	Advice: Respiratory filter device
Intensive exposure:	Advice: Self-contained respiratory protective device.
Hand protection:	Advice: Use protective gloves
Eye protection:	Advice: Chemical goggles.
Skin and body protection:	Advice: Protective clothing

Environmental exposure controls		
General advice	Do not flush into surface water or sanitary sewer systems	
	Avoid subsoil penetration	
	If the product contaminates rivers and lakes or drains inform respective authorities.	
	If the product reaches soil inform respective authorities.	

9. Section 9: Physical and chemical properties.

9.1 Information on basic physical and chemical properties.

Form:	Solid
Colour:	Colourless
Odour:	Characteristic
Melting point:	Undetermined
Boiling point:	1390°C
Flash point:	Not applicable
Upper explosion limit:	Not applicable
Lower explosion limit:	Not applicable
Density @ 20°C:	Not determined
Water solubility:	Completely soluble
Ignition temperature:	250°C
Viscosity, kinematic:	20°C (Aqueous solution 15%)
Explosive properties:	Product does not present an explosion hazard

9.2 **Other Information**

No further information available.

Section 10: Stability and reactivity. 10.

10.1	Reactivity. Reactivity:	Stable under normal use and storage conditions	
10.2	Chemical stability. Chemical stability:	No decomposition if stored and applied as directed.	
10.3	Possibility of hazardous reactions Hazardous reactions: None reasonably foreseeable.		
10.4	Conditions to avoid. Conditions to avoid:	High temperature. Poor ventilation. Contamination.	
10.5	Incompatible materials.		

Materials to avoid: Acids

10.6 Hazardous decomposition products. Haz.decomp.products: Chlorine

Golden Coast Ltd | Fishleigh Road | Roundswell Commercial Park West | Barnstaple | Devon | EX313UA Phone: +44 (0) 1271 378 100 | Fax: +44 (0) 1271 371 699 | Email: swimmer@goldenc.com | Web: www.goldenc.com An a quality ensured company we reserve the right to allel and improve the specification of products as deviced necessary. 11. Section 11: Toxicological information.

11.1 Information on toxicological effects.

Sodium Hydroxide	:	1310-73-2				
Value type	Value type	Value	Value	Species		
Oral	LD50	2,000	Mg/kg	Rat		
Sodium Dichloroisocyanurate, dihydrate 51580-86-0						
Oral	LD50	1,400	Mg/kg	Rat		

Primary irritant effect	
On the skin:	Strong caustic effect on skin and mucous membranes.
On the eye:	Strong caustic effect
Sensitisation:	No sensitizing effects known.
Further information:	Swallowing will lead to strong caustic effect on mouth and throat and to the danger of perforation of the oesophagus and stomach.
	Handle in accordance with good industrial hygiene and safety practise.

12. Section 12: Ecological information.

12.1 Toxicity.

Toxicity: Toxic for fish

- **12.2** Persistence and degradability. Persistence and degradability: No data available
- **12.3** Bioaccumulation potential.Bioaccumulative potential:No data available.
- 12.4
 Mobility in soil.

 Mobility in soil:
 No data available.
- 12.5
 Results of PBT and vPvB assessment.

 Results of PBT and PvB:
 No data available

12.6 Other adverse effects. Remarks:

Water hazard class 2 (German regulation)(Self-assesment): hazardous for water. Danger to drinking water even if small quantities leak into the ground. Also poisonous for fish and plankton in water bodies. Toxic for aquatic organism.

Nothing herein is to be construed as a warranty, express or implied. In all cases it is the responsibility of the users to determine the applicability of such information or the suitability of any products for their own particular purpose.

13. Section 13: Disposal considerations.

13.1 Waste treatment methods.

Disposal should be in accordance with local, state or national legislation. Do not reuse empty containers without commercial cleaning or reconditioning. Do not discharge into drains or the environment, dispose to an authorised waste collection point.

Classification

Waste Codes in accordance with the European Waste catalogue (EWC) are origin defined. Since this product is used in several industries, no Waste Code can be provided by the supplier. The Waste Code should be determined in arrangement with your waste disposal partner or the responsible authority.

14. Section 14: Transport information.

14.1 UN number. 3262

14.2 UN proper shipping name.

Corrosive solid, basic, inorganic, n.o.s. (Sodium Hydroxide Solid)

14.3 Transport hazard class(es).

Class:	8
Classification code:	M6
Hazard label:	9
Transport Category:	3
Tunnel:	Е
LQ:	1 kg

14.4 Packing group.

Ш

14.5 Environmental hazards.

Classified as environmentally hazardous

- 14.6
 Special precautions for user.

 Note:
 No information available
- 14.7
 Transport in bulk according to annex II of MARPOL 73/78 and the IBC code.

 Note:
 No information available.
