LIFTERS & ACCESS

ULTRALIFT

This will fit virtually any shape of hot tub and can also be deck mounted. A unique pivot design along with a convenient built-in handle makes cover removal simple and easy, and allows you to operate the UltraLift from either side of the spa.

The UltraLift allows you to adjust the cover height when open simply by selecting where you position the bracket. The unique combination of aluminium and high strength steel with a corrosion resistant powder-coating provides years of reliable worry-free service.

Fits spas up to 2.77 m, with a radius up to 406 mm and requires 305 mm of clearance.

26 27 794 302

4 ways to mount the UltraLift

ULTRALIFT HYDRAULIC

The UltraLift enhanced.

All the same features as the standard model but with the addition of dual gas pistons providing easier cover removal and replacement.

Requires 305 mm of clearance behind the spa.

26 27 794 304

ULTRALIFT UNDER MOUNT

Under Mount brackets eliminate the need to drill holes in your spa cabinet or your deck.

Requires 407 mm of clearance behind the spa.

26 27 794 306

VISIONLIFT BOOMERANG

All the benefits of the VisionLift, the boomerang is even easier to install with a new patented sliding bracket that reduces the number of fixing points on your spa.

The unique combination of aluminium and high strength galvanized steel all with corrosion resistant powder-coating, provides years of reliable, worry-free service.

Suitable for spas up to 2.43 m and requires 356 mm of clearance.

26 27 794 309

FREEMOUNT

If a spa cabinet needs reinforcing to fit a cover lifter or lighting and sound features make fixing it difficult, the Freemount provides an effortless solution.

Lifter height can be matched to your spa cabinet with the UltraLift sliding bracket technology. Suitable for use with UltraLift, UltraLift Hydraulic, VisionLift and VisionLift Boomerang.

Made from corrosion resistant aluminium.

LIFTERS & ACCESS

SPAESCORT COVER LIFT

The SpaEscort Cover Lift is manufactured with the highest quality materials. Large diameter powder-coated aluminium tubing provides the ultimate in strength and will last for years in the harshest of climates.

Installation is fast, easy with wide nylon security straps and injection moulded brackets provide 'rust-free' peace of mind.

Compatible with spas up to 2.44 m wide and requires 457 mm of clearance behind the spa and 102 mm per side.

26 27 794 325

SPAESCORT HYDRAULIC ASSIST

The SpaEscort Cover Lift with dual hydraulic assist easily lifts the cover off the spa.

The powder-coated steel and aluminium frame, combined with stainless steel hardware, ensures the lift will last for years in the harshest of climates.

Supplied with pre-assembled brackets for fast and easy installation.

Compatible with spas up to 2.77 m wide and requires 152 mm of clearance behind the spa and 127 mm per side.

26 27 794 326

tubhub COVER Ex

The Cover EX is quick and easy to install, and will fit most square and rectangular spas.

Featuring an all-aluminium and powder-coated construction, it needs just 305 mm of clearance.

26 20 794 105

tubhub COVER VALET

The Cover Valet is designed to fit almost anywhere; inside a gazebo, against a wall or even mounted into an existing deck. Dual gas springs assist in effortlessly lifting and lowering the spa cover and a safety lock system keeps the cover in an open position until it is time to be closed.

A durable powder-coat finish accompanied by stainless steel hardware provides years of reliable worry-free service.

The CV250 covers spa up to 2.44 m while the CV400 covers over 2.44 m.

CV 250

26 20 794 110

CV 400

26 20 794 112

COVER VALET PRO

Features all-aluminium construction, dual gas shocks, locking feature and a full centre bar spanning the cover seam.

Operation requires only 153 mm of rear clearance and 51mm of side clearance. Cabinet-mount or deck-mount ready with everything included for either application.

Works with square and rectangular hot tubs and is adjustable up to 2.69 m.

26 20 794 170

LIFTERS & ACCESS

tubhub COVER CADDY

This gas spring assisted cover lift defines versatility and effortless spa cover removal. A unique design allows for installation on an array of spa shapes and sizes including round, octagonal, and spas with large radius or cut corners. The new undermount base plate provides for a complete installation within minutes.

The addition of a powerful gas spring makes lifting and lowering your spa cover easier than you ever imagined.

Suitable for spas up to 2.74m maximum.

26 20 794 120

SWIMSPA CONVERSION KIT

Designed for use with a Cover Caddy and suitable for swimspas up to 1.4m high, this kit includes taller caddy legs and 'U' arms, together with stronger pistons to cope with the additional weight.

Due to the larger size of a swimspa, a total of two Cover Caddys and two conversion kits will be required.

26 20 794 126

tubhub COVER Rx

Compatible with virtually any above-ground spa on the market today, the Cover Rx includes a unique undermount installation plate allowing it to be installed without fixings on whatever side of your spa you choose.

Requiring only 457 mm of clearance, the Cover Rx completely supports your spa cover without placing any stress on the centre seam, meaning a longer cover life.

Easily operated by a single user from either the side, back, or even inside of the spa.

26 20 794 124

COVER STAND

Free-standing, it neatly holds a spa cover upright and off the ground to reduce wear and tear. It's also the ideal solution for round or unusual shaped spa covers, and requires no hardware or assembly.

26 20 794 300

tubhub COVER ROCK-IT

The simple design of the Cover Rock-It combines ease of use with affordability. No fixing is required as it is held in place by plate slipped under the spa base.

When the spa is being used, the Rock-It reduces cover wear and tear by keeping it off the ground, while the powder-coate finish and improved frame strength ensure years of effortless cover removal.

Suitable for spas up to 2.44 m maximum.

26 27 794 719

DARLLY DUCK SCUM SPONGE

People may think we are quackers, but we would like to introduce you to Darlly Duck.

Absorbing 40 times his (or her) own weight in oils, lotions and cosmetics, it prevents scum lines from forming on your hot tub and reduces contaminants from clogging your filters.

26 23 794 720

tubhub WATER-WIZARD

Our all-in-one, handheld cartridge cleaner not only cleans like magic but reduces water wastage too.

Easily connected to your garden hose and operated with a thumb control to regulate flow.

Six fan nozzles flush out both sides of the cartridge pleats and a soft rubber comb removes hair and other unwanted debris.

26 68 794 708

DARLLY CYCLONE FILTER CLEANER

Fitted to the end of a garden hose and featuring a water flow control, the Cyclone will reduce the time you spend cleaning hot tub filters.

Using a brushing and flushing action the Cyclone works hard at removing a lot more dirt, debris and grease than traditional cleaning devices.

26 23 794 708

FILTER SOAK CANISTER

Pop dirty cartridges into the handy soak canister and make the chore of cleaning filter cartridges so much easier.

Sized to accommodate most cartridges and includes a lid for clean, dry storage of spa products when not in use.

Dimensions: 335 mm - 240 mm taper width. 400 mm high.

26 00 794 710

DARLLY PRE-FILTER

Fitted to the end of a garden hose, the Pre-Filter removes common water contaminants, which means less chemicals are used to create perfect water conditions for you to enjoy your spa.

26 23 794 712

DARLLY SPA CARTRIDGE FILTERS

As one of the largest spa cartridge manufacturers in the world, Darlly produce in excess of 3 million filters per year supplying numerous household spa brands.

All Darlly filter cartridges use Reemay® spunbound polyester; a strong, high quality media used for over 30 years in the pool and spa industry.

The unique construction of cartridges incorporates even pleats that stay sharp for increased surface area and better filtering.

Cartridges are available for most spa models, please ask for our separate Darlly catalogue for more information.

DARLLY SILVERSTREAM SPA CARTRIDGES

SilverStream cartridges are produced using a unique combination of Reemay® Microban antimicrobial filtration fabric and Darlly silver ion technology to make them the most advanced filter cartridges on the market.

The silver built into the end caps and core works continuously to provide ongoing antimicrobial protection for the expected lifetime of the cartridges, while the Microban® filter media, a material exclusive to Reemay® ensures bacteria will not survive on the surface of a filter cartridge.

Cartridges are available for most spa models, please ask for our separate Darlly catalogue for more information.

SPA SIDE UMBRELLA

A great alternative to the traditional gazebo, our 2.75 m diameter Spa Side Umbrella is secured in place with a foot that slips easily under the spa.

A crank and tilt mechanism makes for easy operation and being very versatile it can rotate a full 360° to offer total protection from the elements whatever the time of day.

Can be easily removed from the base for storage.

Choose from 6 different coloured canopies.
